

PLANNING COMMISSION MEETING MINUTES

DATE: Monday, June 23, 2025
TIME: 5:00 PM
LOCATION: Greenville Village Hall, W6860 Parkview Drive, Greenville, WI 54942

OPENING

1) CALL TO ORDER/ROLL CALL

The meeting was called to order at 5:00 PM.

PRESENT: Jack Anderson, Leanne Meidam-Wincentsen, Michael Simonds, Jay Plemon

EXCUSED: Blake Bomann, Brittany Helf, Fred Rose

2) PUBLIC HEARINGS/PRESENTATIONS

2.a Presentation by Village President on Future of Greenville.

Presentation will be held at a future meeting regarding development in the village and creating a vision.

3) PUBLIC COMMENT FORUM

Doug Lenz, W6351 Everglade Road; development in Sub-Area C.

Sandra Lenz, W6351 Everglade Road; development in Sub-Area C.

John Julius, W7070 Wisconsin Avenue; development in the village.

Jean Goffard, N853 Julius Drive; development in the village.

Sue Dadda N2005 Mayflower Road; development in Sub-Area C.

Motion by Jack Anderson, second by Leanne Meidam-Wincentsen to close the Public Comment Forum. Motion carried 4 - 0/ None.

BUSINESS AGENDA

4) CONSENT AGENDA

4.a Approval of May 12 & 19, 2025 Meeting Minutes.

20250512_PCminutes.pdf

20250519_PCminutes.pdf

Motion by Leanne Meidam-Wincentsen, second by Jay Plemon to approve the Consent Agenda. Motion carried 4 - 0/ None.

5) UNFINISHED BUSINESS FOR DISCUSSION & POSSIBLE ACTION

5.a Discuss/Consider Sub-Area Planning - Sub-Area A.

Memo - Sub Area A Plan.pdf

Sub Area A - DRAFT PLAN.pdf

Development would consist of generally single-family lots with certain areas where commercial or multi-family residential would be appropriate. Grid design would eliminate cul-de-sacs, lots adjacent to woodland areas would be a 1-acre minimum, and those adjacent to streams, ½-acre minimum. Setbacks along corridor roads to match, or average, existing developments on either side.

Road mapping – move Julius Drive to the east to CTH JJ, minimally impacting the wooded area and maintaining park area, extend Otis Drive to STH 76 and Morning Glory Lane to Hillview Road.

The commission discussed additional safe routes to school, pedestrian trails along collector and main subdivision roads, along Julius Drive, Hillview Road, CTH JJ, and Glen Valley pond to Hillview Rd., potentially extending the Glen Valley trail to the west and sidewalks on both sides of new subdivision roads.

5.b Discuss/Consider Sub-Area Planning - Sub-Area B.

Memo - Sub Area B Plan.pdf

Sub Area B - DRAFT PLAN.pdf

Sub Area B to be developed generally with single-family lots, however, there are areas that may be appropriate for commercial or multiple-family residential development (areas south of Hillview Road extended or along CTH JJ).

Utilizing ground elevations, the following were identified: a. Less than 800 -feet – no permits or filling/grading allowed b. Between 800-820 -feet – buffer lot sizes, no subdivisions allowed, only divisions by CSM c. Between 820-835 -feet – 1-acre lot size minimum d. Between 835-850 -feet – ½-acre lot size minimum e. Beyond 850 -feet – standard residential lots allowed (13,500-sq ft)

Adjacent to woodland areas, 1-acre lot size minimum. Setbacks along corridor roads to match, or average, existing developments on either side.

Pedestrian trails should be constructed along collector roads and main subdivision roads. Sidewalks on both sides of new subdivision roads. Pedestrian trail from North Greenville Elementary School to the south.

Road mapping – Learning Way to connect with Glen Valley. Glen Valley would also be a primary location for a 4-way stop.

5.c Discuss/Consider Sub-Area Planning - Sub-Area C.

Memo - Sub Area C Plan.pdf

Sub Area C - DRAFT PLAN.pdf

Sub Area C to be developed with single-family lots. Utilizing ground elevations, the following were identified: a. Less than 800 -feet – no permits or filling/grading allowed b. Between 800-820 -feet – buffer lot sizes, no subdivisions allowed, only divisions by CSM c. Between 820-835 -feet – 1-acre lot size minimum d. Between 835-850 -feet – ½-acre lot size minimum. Beyond 850 -feet – ½-acre lot size minimum. Setbacks along corridor roads to match, or average, existing developments on either side. There are to be transition lots adjacent to existing development, except the 5-acre property on Everglade Road and the 2 flag lot parcels on Mayflower Drive.

Pedestrian trails should be constructed along collector roads and main subdivision roads. Sidewalks on both sides of new subdivision roads are optional (will still require variance/approval from Village Board).

5.d Discuss/Consider Comprehensive Plan Policies/Goals/Action Items - Chapter 4 Land Use

Memo - Chapter 4 Land Use.pdf

Options for Strategy 4a-5 (Greenville should consider not supporting the development of more than two residential developments at any one time unless the active developments have less than 5% of remaining lots available for building).

Discussed options included setting a number of lots per year or a number of subdivisions. The section should be codified; options will be brought back for future discussion.

5.e Discuss/Consider possible ordinance revisions.

Memo - Possible ordinance revisions.pdf

Amending language to the Transition Lot requirements of the Subdivision Ordinance to make it more flexible. Also add a setback averaging provision for new developments to match building setbacks of adjacent, existing buildings.

Amending language to the compliance requirement of the Subdivision Ordinance so that new plats must be in compliance with the sub-area plans.

Adding language to Restrictions on Lot Creation section of the Subdivision Ordinance that prohibits plats in areas of elevation less than 820-feet in sub areas B & C. Unless, the Planning Commission wants that requirement to be more

subjective? Then identifying it in the sub area plans may provide for more flexibility. An ordinance requirement is more difficult to change.

Map of Tiers to be amended to include sewer service area along Hwy 15 in Tier 1. This would be the new Sub Area G.

Adding 2 new single-family residential districts with larger lot size requirements to the table of use in the Zoning Ordinance, R1-m (medium, ½-ac) and R1-l (large, 1-ac).

New homes be front facing on Everglade versus a new road that would go back to new development was discussed, but too limiting on architectural design.

6) NEW BUSINESS FOR DISCUSSION & POSSIBLE ACTION

6.a Discuss/Consider Sub-Area Planning - Sub-Area D.

Memo - Sub Area D Plan.pdf
Sub Area D - Aerial Map.pdf
Sub Area D - 5-ft contour.pdf
Map of Tiers.pdf
Sub-Areas A-F.pdf
Fox West Sewer Service Area Map.pdf

Desired mapped road from Donna Drive to Greenwood Road. Potential for condominium/high density around the pond.

Postponing of single family construction until a stormwater study/plan has been done and is in place by the county on the Bear Creek waterway.

6.b Discuss/Consider Sub-Area Planning - Sub-Area E.

Memo - Sub Area E Plan.pdf
Sub Area E - Aerial Map.pdf
Sub Area E - 10-ft contour.pdf
Map of Tiers.pdf
Sub-Areas A-F.pdf

Road mapping - There is a need to develop a plan for Industrial Park roads being mindful of connection points. The type of development may determine where roads are placed.

Maintain industrial/employment zoning and development in the southern portion.

Potentially look at some limited transitioning lots of multi-family into the industrial/employment zoning area, specifically to the east of Lilac Lane.

Continuation of Lilac Lane to meet at W. Capital Drive to the east and CB to the south.

Keep as industrial/commercial due to the airport overlay, possible large lot subdivision north of railroad tracks, or just large RR lots.

Lilac, Rickey and the CB road meet and exit together at Capitol Drive.

Housing in the Lilac & CB area for the possible employees of the industrial area.

Discuss with Stormwater Superintendent on opinion of what to do at the end of Parkview because it appears to be wetland.

6.c Discuss/Consider Sub-Area Planning - Sub-Area F.

Memo - Sub Area F Plan.pdf

Sub Area F - Aerial Map.pdf

Sub Area F - 10-ft contour.pdf

Map of Tiers.pdf

Sub-Areas A-F.pdf

Promote trails and/or sidewalks to connect to Lions Park, YMCA and sports complex trail systems. Transitional lots surrounding the sports complex and Lion's Park, consider multi-family as the transitional lots. Make Field of Dreams a real park.

Transitional lot consideration on Churchhill Road development and look into making it not a single entrance.

Connect the two portions of Cleary Court and land to the south of the court could be commercial development.

Potential for higher density near Lin Stream, making sure to have larger set-backs. Natural set-back along existing resources.

6.d Discuss/Consider Sub Area Planning - Sub Area G.

Memo - Sub Area G Plan.pdf

Sub Area G - Aerial Map.pdf

Sub Area G - 10_ft contour.pdf

Sub Area G - sewer service area Map.pdf

Map of Tiers.pdf

Sub-Areas A-F.pdf

This area was recently added to sewer service by East Central Planning Commission and is desired for business front or multi-family.

Considerations would a lift station be needed if water/sewer extended out to All World Ford and potential partnership with Hortonville? Should the village create a new TID?

6.e Discuss/Consider Comprehensive Plan Policies/Goals/Action Items - Chapter 5 Economic Development

Memo - Chapter 5 Economic Development.pdf

Promote industrial and commercial development and attract workers to the community. Additional discussion included storage units businesses out of the home.

6.f Discuss/Consider Comprehensive Plan Policies/Goals/Action Items - Chapter 6 Housing

Memo - Chapter 6 Housing.pdf

Mixed-use development near the fire station creating a downtown-like area.

6.g Discuss/Consider Comprehensive Plan Policies/Goals/Action Items - Chapter 7 Transportation

Memo - Chapter 7 Transportation.pdf

Discussion included the installation of the HAWK System on STH 15, safe walks to school, including sidewalks when redoing roads, recreational trails on corridor roads and the alternative modes of transportation including E-bikes.

CLOSING

7) ANNOUNCEMENTS & FUTURE MEETING DATES

Next meetings: July 14th & 28th at 5:00 PM.

8) ADJOURNMENT

Motion by Leanne Meidam-Wincentsen, second by Jay Plemon to adjourn at 7:27 PM.

Motion carried 4 - 0/ None.

Wendy Helgeson, Village Clerk
Approved:
